

My name is Isacc Kulfu, and this is my story.

It all started when I was 2 years old. I was sent down to Earth by my father with a guardian and my mother. The guardian was sent to protect me and my mother because I was one of the only people to have all symbols: Motic, Armany, Legeny, Zendele, as well as Trinoma. These powers adapt to who I am, and the more symbols someone has, the more powerful they are. I was never aware of my life on Reem and my powers. I grew up with no father. Truth be told, centuries later, I was told my dad was a galaxy trooper fighting for my home planet and my secret.

It wasn't until I started having distorted memories and seeing things around my house, that I started thinking: "Where are these coming from?" As a kid, I never told my mom or anyone, because they would think it's absurd, crazy or maybe that I'm just a kid hallucinating. All signs of being psychotic, and they definitely weren't putting me in an institution. I started to think more about what's going on with me. I had to find the source.

One day, I had left from work. It was a casual day. I was in my patterned suit, my mask on and everything. I got the casual looks from women. I was a really handsome man, a lot of women found me attractive, but there was one somebody that caught my eye. So, I felt I should pursue her and approach her. Who would know we get so close 2 weeks in?

One day we were sleeping, and I heard some crazy stuff come out of her mouth. I had looked over and she was not in her normal state. She looked like a monster. I thought, "Is this a nightmare?" No, it was real life. She started attacking me. My first instinct was to run, but I couldn't. I stood there and something came out of my hand. It pushed her back. I was scared. I was confused, but I think she was trying to kill me. She was relentless, and I had to stop her. My mom rushed into my room and yelled, "What's going on?" She knew what was going on. She told me to kick. I can't believe she went through the wall. I thought she was dead. I lifted her up thinking she was dead. She scattered out my hands and jumped out my window.

I was confused. My mom had to tell me what was going on. So until 6 in the morning, my mom sat there explaining to me what I am, who I am, and where I'm from. And, what's going on? I found out I was so powerful, and I didn't even know it. It was so crazy. This was the moment I found out that I'm truly one of a kind.

A couple months later, I found myself in a battle with the king of Planet Reem, King Moro. He wanted to kill me, but I couldn't let him, so we fought. Long story short, I ended up ending his life, and my father ended up taking over Planet Reem.

There was no more hiding who I am anymore. I was free of myself, my thoughts, and I can be who I am. My name is Isaac Kulfu, and this is who I am.
